About HG

I am extremely pleased to get this opportunity to share the HG+ experience with you. Our brand's journey is more than just an inspirational story, it is a tale of how one humble plant set its roots on the ground 23 years ago and today is one of the most flourishing trees in the industry of retail merchandising.

We had started with only a few hands to nurture our vision of "growing together". Today we have earned our place in the hearts of our clients with an ever growing passion to make their brand standout in the hearts of their customers.

We have seen and learnt a lot from our domain expertise and from our client's, who have always been satisfied with the fruits of our inventive approach.

Without further ado, I now present this brochure to you which will take you through all the rings in our stem. From conceptualising to execution, our in-house facilities are extremely capable of delivering results across India and SAARC countries. This brochure is testament to the growth that we have achieved in 23 years and now we look ahead to growing further together with your brand.
